

YFL'S SUMMER 2025 LABOUR LAW COURSE

August 9, 2025

About This Class

Canada's labour laws shape how unions function and affect workers' movements and our labour organizations.

This half-day workshop provides an overview of the current laws that apply to unions in the Yukon; what these laws do and how they evolve over time; and how stewards and others can use prior rulings under these laws to make arguments within the legal labour system.

As always, knowledge is power.

Course Schedule

8:30-9 am	<i>coffee + soft start</i>
